HEARINGS BEFORE COMMON COUNCIL

Permission Granted to Change Trolley Track Location-New Sidewalk Grade on Section of Sachem Street Established -A. S. Comstock Ratified as President of Water Board -Alderman Cebrath Answers Questions About Street Department.

pointed upon matters contained in petitions to the common council were held at a meeting of the council on Thursday evening which made in the council on the titions to the common council on held at a meeting of the council on the council

to order at \$.10 by Mayor T. C. Murphy.

The roll call by Clerk A. G. Crowell showed Councilman Hugh Kinder absent. In the spectators' seats were about a dozen citizens.

Returns of notice of the hearing served upon the Connecticut company and the Shore Line Electric company were read by Clerk Crowell.

The first hearing was upon their petition for relocation of the trolley track in Sachem street from Uncas street to Lafayette street and Civil Engineer.

S. B. Palmer appeared for the Shore

an old turnout in Lafayette street that he thought the company should be obliged to take out. It had not been used for years. There are two poles whose location should be changed and Mr. Pitcher said that the public utilities comprisely all through the state monthly report was presented it was ties commission all through the state is trying to get a joint line of poles and in this case this would require and in this case this would require a 40 foot pole on the south side of the street and one 40 foot pole on the north side. The 35 foot pole would not properly provide for the fire alarm telegraph arm on the poles which the public utilities commission has now decided ought to be the lowest arm instead of the top arm on the pole, leaving the top arm for the high ten-

pany intended to abandon the turnout in Lafayette street and take up the old rails. He also thought that there would be no objection to moving the poles mentioned a foot or two as suggested.

This closed the hearing and on mo-tion of Alderman Henry Gebrath the petition was voted granted and the plan approved with the modifications

Sachem Street Sidewalk Grade. The hearing on the sidewalk grade n the southerly side of Sachem street on the southerly side of Sachem street in front of the property of the Falls Company, and Mrs. John H. Wilson, was taken up. The sidewalk is to be 6 feet wide. City Engineer Pitcher explained that a grade had never been

established from Yantic street to Lafayette street.

The grade was established by vote of the council as recommended. Water Board President Approved. Councilman William S. Murray pre-sented the report of water commis-sioners upon the election of A. S. Comstock as president. The election was approved by the council and the com-pensation of the president was fixed

at \$300 for the year. Petitions Presented.

Alexander Shakun petitioned to con-ect 627 North Main street with the public sewer by means of a private drain. It was referred to the public works committee.

Potition for a street light near 50 Colt street was made by Ellen M. Leahy and three others. It was referred to the voltage of the street. Petition for an extra light near 98
Peck street. It was made by B. Sodinsky and others. This was referred
to the police commissioners.

Compensation For Injuries. The sum of \$125 to Eva P. Jewett would be the date on which was voted for claim for injuries by of July will be celebrated.

MAY DEATH RATE HERE EXCEEDED STATE'S AVERAGE Was 17 in 1,000-Stonington Had 150

Cases of Measles. Mortality reports received by the state board of health show that there were 1,411 during the month of May. This was 338 less than in April and 98 less than in May of last year, and 29 less than the average number of

deaths during May for the five years The death rate expressed as an annual rate per 1,000 estimated popula-tion was 13.2 for the arge towns, foir the small towns 11.8, and for the whole state, including state institu-tions 13.7. The deaths from infectious diseases were 193, being 13.6 per cent.

when the street commissioners' monthly report was presented it was read by the clerk, but before that was done, Alderman Henry Gebrath's statement in justice to the street department and in answer to a gentleman, who, in the city meeting, had pointed out a discrepancy of \$115 between what was paid ten men in June 1913 and what was paid them in August of the same year. The aldergust of the same year. The alder-man said this was because there were five payrolls included in June but only four in August as the report did not go to the exact calendar month.

Street Commissioners' Report. The street commissioners' report for last month showed total expenditures of \$5,791.87 and an average of 95 men the brand of our city reservoir, in-employed. The expenditures were di-

Preparing and crushing stone and repairing macadam, \$1.870.24; surface repairing macadam, \$1.870.24; surface repairs, \$189.80; cleaning streets and gutters, \$1.723.12; cleaning catch basins, \$238.50; cleaning culvert, \$14.56; repairing crosswalk, \$11.88; repairing catch basins, \$25.44; repairing catch basins, \$25.44; repairing gutters, \$37.31; collecting garbage and ashes, \$740; at barn, \$77.50; repairing fence and wall at Yantic street, \$69.87; sprinkling, \$127.25; care of parks, \$66.-54; sweeping and flushing streets, \$70.94; outside work, \$3.00.

In reply to inquiries by Councilman.

In reply to inquiries by Councilman William S. Murray regarding the street.

In reply to inquiries by Councilman William S. Murray regarding the street

william S. Murray regarding the street department, Aledrman Gebrath stated the \$4.50 per day was paid for out-side teams, an average of \$1.75 was paid for laborers with a few at \$1.50, and that there was a foreman for each district, one of whom was paid \$2 per day and the others \$2. Bills Approved.

The following department bills were

NORWICH CASE BEFORE COMMON PLEAS COURT. John Poreda on Trial on Appeal from

City Court.

John Poreda of this city was placed on trial in the criminal court of common pleas in New London Thursday morning, charged with intoxication and resisting an officer. The case was appealed from the city court here.

Poreda was arrested last January by Officer Matthew Delays for intoxics. Officer Matthew Delaney for intoxica-tion and when the officer attempted to take him into custody Foreda resisted. The accused was given a hearing in the city court and found guilty, from which an appeal was taken. Thursday morning, through a Polish interpreter, Poreda pleaded not guilty to both charges. The police officer was to both charges. The ponce office the In the first witness and told of seeing the accused stagger along the street above further up the street, and Poreda was staggering and hollering. They were blocking the sidewalk, and when he told them to move on the accused pushed him with both hands, saying: "Yourself move, vourself move," He took him into custody after some difficulty and with the assistance of two men Poreda was placed in a wagon and taken to the police station while he was yelling all the way. At the police station the captain of police had to help put him into a cell.

The case occupied all day and was not finished when court adjourned. Attorney Roderick M. Douglass appeared for the accused and the prosecuting attorney was assisted by City Attorney John D. Hall of this city.

Capt. D. J. Twomey, Sergt, John H. Kane and Policeman Michael Carroll are witnesses in the case.

The case against Abraham Bronstein court at New London Wednesday afternoon en route to Newport News, Va., after having delivered a lot of horses in England, the negroes returning by way of Montreal. He was charged with assaulting John Johnson, another negro of the party of hostlers, with the intention of killing him.

INVESTIGATION BEGUN TO

DISCOVER TYPHOID SOURCE Eight Cases in City-Water and Milk Both Suggested as Causes.

The cropping out of several cases of typhoid fever just now in the city has attracted attention to this disease and in view the effort to make every possible effort to trace a source of inmection Dr. N. B. Lewis, the health officer, has sent samples of the city water from both Stony Brook reservoir and Fairview reservoir direct from the reservoirs near the cases to the the reservoirs near the gates to the state chemist to be examined. Re-ports on the condition of the water

are expected this week.

In view of the poor taste and color that the water has had lately, it was thought advisable to have the city wa-

thought advisable to have the city water tested.

There are eight cases of typhoid fever in all, some on the West Side, some in Greeneville, one on Fox hill and others elsewhere. A Greeneville man, wife and 11-months-old nursing baby are confined in the hospital, where they are receiving treatment.

One possible explanation of these numerous cases of typhoid just at this time is in the fact that so many people have recently abandoned city water to be paid for her injuries from a fall on Broadway. Mayor Murphy appointed the fol-owing special constables who were pproved by the vote of the council, de have recently abandoned city water

and the Shore Line Electric company were read by Clerk Crowell.

The first hearing was upon their petition for relocation of the trolley track in Sachem street from Uncas street to Lafayette street and Civil Engineer S. B. Palmer appeared for the Shore Line company, saying that the plan presented was practically the same as that prepared for the public works company.

In answer to a question from City Engineer George E. Pitcher, Mr. Palmer said that the poles were to be 35 foot poles. Mr. Pitcher said the petition was to bring te track to the center of Sachem street from Uncas to Lafayette. Mr. Pitcher said there was an old turnout in Lafayette street that residents.

Milk Inspector's Views. The statement regarding the sible infection from milk brought it a rejoinder Thursday evening from Dr. D. J. Shahan, the milk inspector. Dr. Shahan said:

Dr. Shahan said:

"In tracing the source of typhoid infection, there is a lack of system, method, and concerted action, among the health protectors, efficial and otherwise of this city. When such a discusse exists here and the health offerse exists here and the health offerse. ease exists here, and the health offi-cer is notified to that effect, I believe the milk inspector should be notified, and that both get into immediate touch with the producers and their premises, and have the water with which they rinse or wash their cans, examined at once. It is of no consequence to assert that our milkmen are the probable expendence of the probable expenses the probable expen the probable spreaders of the disease and then forthwith hasten to examine employed. The expenditures will be superior that vided as follows:

Preparing and crushing stone and repairing macadam, \$1.870.24; surface cause of this trouble, 'twee much repairs, \$189.60; cleaning streets and preferable and more charitable, to first the water he uses in his bus-

a bottle of the suspected poison, and on the following morning samples were taken from four different cans of the same milkman, and, after proper precautions, expressed to the state bacteriological laboratory, for immediate analysis. This is the reply received oncerning them:

'Such examination as we have been able to make has not been of a char-acter to put suspicion on any of these samples, although sample No. 5 was not a very satisfactory one.

Dr. Shahan further said that he had England history. been in communication Thursday ev-ening with the milkman referred to as ening with the minimal referred to as supplying both the hotel and the Greeneville family with milk and the milkman stated that he did not deriver milk any farther than Oakridge street while the family affected with typhoid lives a number of streets above that in Greeneville. The milk-man was asked by Dr. Shahan if any of the families along his route had typhoid fever and was told that there

were none.

MUST STAND TRIAL IN SUPERIOR COURT Jacob Jones, Who Used Knife in New

London, Is Bound Over. After being presented in the police court at New London on Thursday morning on the charge of assault with

Kane and Policeman Michael Carroll are witnesses in the case.

The case against Abraham Bronstein of New London was nolled Thursday on terms, the same being the practical settlement of the fine imposed by the New London police court—\$50. Bronstein falled to provide sewerage and light for his tenants in the Mason building on Main street.

York Wednesday evening lying down when Jones came aboard and wanted something to drink or the money to something to drink or the mo he cut Johnson in the head.

he cut Johnson in the head.
Jones declared that he did not ask Johnson or anyone else for something to drink nor did he request the gift of money. He said that the gang had been drinking and gambling and that Johnson and companions set upon Jones and knocked him down, robbing him of \$50 and stealing his trousers. To defend himhim down, robbing him of \$50 and stealing his trousers. To defend himself Jones said he cut Johnson. Jones had been drinking he said, considerably, and did not remember being arrested nor whether the trouble was early in the evening. He said he only knew he had been arrested when he woke up Thursday morning. In the scrimmage to arrest Jones, the negro cut Officers David Nagle in the thigh. The wound is quite deep but it is not believed to be serious.

Motion to Set Aside.

A motion to set aside the verdict and A motion to set aside the verdict and for a new trial was filed on Thursday in the case of Loretto Roma against the Thames Specialties company.

The motion is made on the ground that the yerdict is against the evidence. It will be argued today before Judge Gardiner Greene at the short calendar

Motion to Set Aside.

Is Your Rheumatism A Weather Prophet?

Why Continue to Suffer When Rhauma Will Relieve Your Pain.

It is a sin to be a slave to the agonies of rheumatism whenever the weather changes. For 50 cents Lee & Osgood or any druggist will sell you a bottle of Rheuma. Use as directed and your pains will soon disappear. Read this proof: "For six years, whenever the weather changed, I was a cripple from rheumatism. One bottle of Rheuma relieved me completely." —J. K. Greenburg, 3823 Cottage Grove avenue, Chicago, Ill.

Original trade-marked Rheuma (in liquid form only) will cleanse your kidneys of uric acid, purify the blood and limber your joints and muscles. It is a doctor's prescription—free from opiates or narcotics—and will not derange the stomach.

jury gave Roma a verdict on Wednesday for \$5,000 damages for the loss of his leg in an elevator accident in August, 1913. Breach of the Peace Charge. Stanley Zitcofski and Florence Gadmunski, both of Jewett City, were brought here on Thursday evening by Constable Meyer Blumenthal and locked up at police headquarters. There ih

a breach of the peace charge against

MERELY TONSILITIS. Danielson Coast Artilleryman Has Not

Diphtheria, it is Found. All alarm that might have been felt ver the supposed discovery of a case of diphtheria at the state coast artil-lery encampment at Fort H. G. Wright, Fisher's Island, is dissipated by the an-

nouncement that the sickness is not diphtheria after all. It is simply a severe case of tonsilitis. The patient is a member of the Thirteenth company of Danielson. When his sickness was diagnosed as diphtheria word was sent to the health department at New London for anti-toxin and it was sent ower. There was considerable uneasiness in the camp at the news that there was a case of diphtheria there.

It has been decided that the soldiers will not come to New London Satur-day on the steamer Restless after all, It has been planned to charter the steamer, but it has now been arranged to have the troops come on the government steamer. The hour of arrival has not been fixed, as arrangements for the special train to carry the soldiers from the western end of the state home have not been completed. When the hour for the departure of the special has been fixed, the hour of arrival of the troops in New London will be timed so as to allow of a short parade.

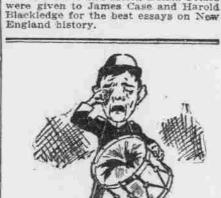

PRIZES AT STORRS.
